Take Good Care...

‘The expectation of being immersed in the pain, sadness and suffering of people on a daily basis and not being affected is about as unrealistic as being immersed in water and expecting not to get wet’

Myths Facts & Assumptions

No.4 - Competence + Empathy = Compassionate Leadership

Three types of empathy

(cognitive)

THINK IT

(emotional)

FEEL IT

(compassionate)

BE MOVED BY IT

You said We listened

The Buzz-o-meter is back for a fourth year – so what did we do with the results from last year's survey?

Last year you told us that you were feeling increased pressure from reduced resources in some areas and that a lot was being said about wellbeing but that you weren't feeling a positive impact.

You also said that you felt unsupported in your role and that poor management and communication was affecting morale.

So what are we doing about it?

1,200 officers
now working on
response, an
increase of 220

We are investing
in Contact
Management and in
Local and Serious
Investigations

£270,000 invested
in our Occupational
Health and Wellbeing
Services

Waiting times to see
the force
doctor reduced from
4 months to
10 weeks

New PDR system
to better support
people in their
career

What else is happening in SOUTH?

Wellbeing Board in
division supported
by our Wellbeing
Ambassadors and
Buddies

Contemplation
room opened at
Preston

One-to-one and group
coaching sessions
provided to support
officers and staff in
their career
development

Sergeant and
Inspector
development
days

These are just a few of the changes we are making, but we recognise there is still a lot more work to do.

Don't miss your chance to give us your views this year so we can continue to improve the way we work. The survey is open to everyone, and is relevant to staff and officers alike, it is also open to our volunteers.

Have
your say
