

WANTED

THE MISSING 5 MILLION

Living with **high blood pressure** - and don't even know it.

They look like you.

They feel fine.

But they're at serious risk of stroke,
heart failure, and kidney disease.

You can only find it if you check it.

Don't wait. Don't risk it.

Know Your Numbers! Week 8-14 September 2025

Get your blood pressure checked today
