

Breast Care Nursing Team - Breast Care Clinical Nurse Specialist

The Clinical Nurse Specialist is a highly qualified and experienced nurse who is specialised in the care and support of people with breast cancer and other breast concerns.

She works closely with all the members of the Breast Care Team involved in your care.

She is also available to provide support to carers, friends and relatives.

The service provided for you is completely confidential.

The Breast Care Nursing Service is available from the time patients first attend with breast concerns.

The Breast Care Nursing Service offers:

- Information about all aspects of breast care.
- Supportive listening
- Discussion and information about treatment options.
- Practical advice.
- Information about breast reconstruction and reduction.
- Access to other support services and practical advice.
- Advice about concerns related to a family history of cancer.
- Appointments for Holistic Needs Assessment.

The service is available Monday to Friday with a confidential answer phone facility.
