<b>Alistair Rose</b>	Director of Strategic Estates, Infrastructure and Sustainability	East Lancashire LIFT Co		Y			I have recently taken up the NHS Director role in the East Lancashire LIFT Co. This is a company which owns the LIFT buildings across East Lancashire and was a role formerly held by the finance director for Blackburn with Darwen CCG. There is no financial interest, it is an unremunerated position, and the shareholding is between Community Health Partnerships (CHP) a subsidiary of the Department of Health and One Partnership (the health partnership part of the Eric Wright Group.)	November 2022.	Ongoing	This may become a risk if there was planned future investment in the primary care estate that was proceeding down a LIFT route. At this time it is unlikely and were it to happen it would be in full oversight of CHT and the Department of Health at the proposal stage. It would be expected that a costed options appraisal as part of any future procurement strategy would be produced and as part of any future business case and this would be assessed independently by the ICB finance team.

It's possible that the ICB may decide to fund LCC to undertake work on its behalf or agree to joint fund with the County council services which I as the statutory Director of Adult Services has responsibility for.	1 December 2022.	30.12.24	I am not an employee of the ICB and if this is to change I would need to declare an interest and possibly step out where decisions relating to direct funding of the council apply. All financial decisions which connect the ICB and LCC would go through the governance arrangements of the council i.e. cabinet and full council to avoid me having direct influence and control. There will be joint management of my post and performance by the ICB and LCC Chief Executives.
